

DA-2021-04
April 2021 Code Update
May 20, 2021

To: Carlisle SynTec Systems' Manufacturer's Representatives, Distributors, and Authorized Applicators

Carlisle SynTec Systems' has updated the Code Approval Guides for the Spring of 2021. These guides are traditionally updated twice a year in the Spring and Fall and are now available on the Carlisle website. Some of the key updates are highlighted below:

- DensDeck StormX™ has been added to the VSH Code Approval Guide in both new construction and recover applications
- TPO RhinoBond® metal retrofit RoofNAV numbers have been added for .060" Sure-Weld membrane for enhanced wind uplift ratings
- TruGround Primer used for leak detection has been added to select assemblies
- Sure-White SAT has been added to the EPDM SAT Code Approval Guide
- Dade County NOA numbers have been renewed for TPO and are listed in the TPO Code Approval Guide

You can access the new Code Approval Guides on the Carlisle SynTec website by clicking on the Documents section in the top dashboard. Once the drop down appears, select Codes and then filter these guides by clicking the UL & FM section on the left under media type.

If you have questions, feel free to contact Project Review or the undersigned.

Sincerely,

Chad Wert
Codes and Testing Specialist
